3ds rosalina guide books online

I'm traveling with them while they look for a place to be reborn. Main article: List of Rosalina quotes "Do you hear the baby stars? Rosalina is a calm and reserved character, and often takes pauses when she explains how the universe works. Rosalina is heavier and faster, and her shield now covers Luma as well. Better let us do it. Here's the circuitboard for the Nintendo 3DS. The back side of the Nintendo 3DS circuitboard reveals the contacts for the buttons and gamepad controls. Lifting the SD card slot reveals the Toshiba flash memory chip. Here's the Nintendo 3DS's resistive touch screen free from its frame. The back of the Nintendo 3DS touch screen isn't terribly exciting. The Nintendo 3DS case free of its guts. The protective covering has been removed from the 3D screen on the Nintendo 3DS. Here you can see the rubber pads that rest against the controls' contacts. The back of the Nintendo 3DS 3-D screen. Her special skill is the Coin Box. Captain Toad: Treasure Tracker In Captain Toad: Treasure Tracker, three hidden Rosalina sprites appear, one on a book in Spinwheel Library and the other two walking across the backgrounds in Double Cherry Spires and Beep Block Sky Plaza. If the player loses a life while wearing the Rosalina costume, the "Too Bad!" BGM from Super Mario Galaxy is played. Puzzle & Dragons: Super Mario Bros. Lots of Hoo's and Ha's, Yeas and Yahs, things like that, some Aights. She often reads bedtime stories to the Lumas in the Library, is accompanied by a Luma in Mario Kart Wii, and battles on a team with Luma in the fourth installment of Super Smash Bros. In addition, she is shown to be able to use any and all power-ups that the Mario Bros. She has her own amiibo board, the Rosalina Board, where it is unlocked if the player places a Rosalina amiibo on the GamePad. She also wears teal wristbands on her arms, and, while she is barefooted in this variant, she has a teal bead bracelet around her left ankle. Up until Super Smash Bros. For Equipment, Rosalina uses Staffs to boost attack, Dresses for defense, and Pumps (Heels) for speed. The camera and microphone can also come into play. The game Face Raiders lets you take a photo of yourself which you then blast into tiny digital bits. The main circuitboard on the Nintendo 3DS contains chips ranging from sensors to processors. This illustration shows how a parallax barrier - like the one found in the Nintendo 3DS -- creates the illusion of a three-dimensional object without the need for glasses. This what the Nintendo 3DS's 3-D screen looks like with the protective covering removed. She has proven herself to be about as athletic as Mario when it comes to both platforming and playing sports, with a jump nearly as high as Luigi, although she is noted to be rather slow on her feet (even more so than Peach). A fourth variant of Rosalina, in her Fire Rosalina form, debuted as the first High-End spotlight driver for the Rosalina Tour, which is themed around her. While looking back at her planet after the one hundredth comet passes, Rosalina suddenly realized her mother was dead and burst into tears. Super Mario Galaxy PRIMA Official Game Guide, for Wii U Playable character North America: November 21, 2014 Wii U Nintendo Badge Arcade Badge Cameo Japan: December 17, 2014 Nintendo 3DS Mario Party 10 Playable character Japan: March 12, 2015 Wii U Puzzle & Dragons: Super Mario Bros. However, Luma now panics when Rosalina takes damage, preventing it from acting. If Mario, Yoshi, and Luigi manage to collect every single star in the game, and survive the Grandmaster Galaxy's Daredevil Comet, Rosalina thanks them and joins them on Starship Mario. Even all of you... " "I will watch over you from beyond the stars." " This planet... She also shows more of her powers in the spin-offs games, such as telekinesis, creation of shooting star showers, gravity manipulation, teleportation of other people, and the creation of Launch Stars. (September 29, 2018). As revealed in volume 38 of Super Mario-Kun, Peach herself shares a positive friendship with Rosalina. She is unlocked after the player has completed World Star-2: Super Galaxy. Rosalina's Classic Mode route has her battle space-faring opponents. As she and the Luma build the home, Rosalina takes more Lumas under her wing. She is a very powerful figure, as her duty is to watch over and protect the cosmos, while also serving as the adopted mother of the Lumas and commanding the Comet Observatory. Additionally, the storybook reveals Rosalina has an unnamed brother in the seventh chapter, and gives some description about her unnamed father, said to have facial hair he takes pride in, during the final chapter in the Japanese, European Spanish, French and Italian versions of Super Mario Galaxy. Mario & Sonic at the Olympic Games Tokyo 2020 introduces yet another outfit that is used in the Shortboard Surfing event, consisting of a mostly black wetsuit with thin gray accents and a teal panel on the front torso, containing her usual star-shaped brooch. The button provides a sense of scale. HowStuffWorks.com can sometimes be a little cruel to electronics but it's all in the pursuit of knowledge. This is what a Nintendo 3DS looks like once we're done with it. Her outward strength and inner sorrow, as shown in her storybook, are likely due to the loss of her own mother. Although Rosalina is the tallest female fighter in the game (the third tallest overall when compared to Bowser and Ganondorf), she is a lightweight fighter, as opposed to the Mario games, where she is a heavyweight. She is also able to create giant hologram-like projections of herself, like in Super Mario Galaxy 2, and even change her height, like in Super Mario Galaxy. Since Mario Kart Wii, however, Rosalina has been portrayed as a little bit more upbeat and joyous than her original stoic portrayal, with examples being that Rosalina cheers and shouts loudly, though still mostly keeping her introverted nature, for Nintendo 3DS, her other playable appearances required her to be unlocked first. Nine chapters are unlocked throughout the game, and the last is unlocked by completing the game. In Mario Kart Tour, she wears a dark purple witch's outfit, complete with a curved pointy hat, for the Halloween Tour. Rosalina eventually takes an even more hands-on role against Bowser in Super Mario 3D World, when she joins Mario, Luigi, Peach, and Toad in their adventure. Rosalina does not share a victory theme with the other Mario characters, instead using a short arrangement of "Overture" from Super Mario Galaxy. When Rosalina was young, she was portrayed as optimistic and proactive, helping a Luma build a spaceship to find the Luma's mother. Title Description Original release date System/format Super Mario Galaxy Non-playable character Japan: November 1, 2007 Wii Mario Kart Wii Unlocked playable character Japan: April 10, 2008 Wii Super Mario Galaxy 2 Non-playable character North America: May 23, 2010 Wii Mario Kart 7 Unlocked playable character Japan: December 1, 2011 Nintendo 3DS Super Mario 3D World Unlocked playable character Japan: November 21, 2013 Wii U Mario Party: Island Tour Non-playable character North America: November 22, 2013 Nintendo 3DS Mario Kart Arcade GP DX Downloadable playable character Japan: July 25, 2013 Arcade Mario Golf: World Tour Downloadable playable character Japan: May 1, 2014 Nintendo 3DS Mario Kart 8 Unlocked playable character Japan: May 29, 2014 Wii U Super Smash Bros. Unlike Peach and Daisy, she wears her tennis dress for all sports excluding golf, where she wears her usual gown instead. Mario Kart 7 Rosalina returns in her second Mario Kart game appearance in Mario Kart 7 for the Nintendo 3DS. These newborns will grow up to become galaxies someday. In fact, Rosalina is one of the lightest fighters in the game, only being heavier than Mr. Game & Watch, Mewtwo, and Jigglypuff. After they see their 100th comet, Rosalina looks back at her home planet, which then causes her to feel greatly upset and homesick, and then comes to terms with the fact that her own mother is dead. Like in Mario Party 10, she is available from the start. Rosalina's backstory is chronicled in her storybook told by her in the Comet Observatory's Library in Super Mario Galaxy. Also in Super Mario-Kun, Rosalina is shown to have a funnier and less mature side (following most of the characters in the manga). When Rosalina obtains a Mega Mushroom, she spins in the air, and points her racket to the camera. She is a non-playable character on the space-themed board, Rocket Road, where she waits at the end of the board for the winner, and also appears in the celebration for a victory on this board. Alternate outfits Artwork of Rosalina in her bike/ATV outfit for Mario Kart 8, posing with her Standard ATV equipped with Monster tires In the Super Smash Bros. can for Wii U during the Nintendo Direct of December 18, 2013, alongside Luma. In order to help charge the battery, which is powered by spectators' excitement, Rosalina offers to challenge the group to a Surfing match. Ultimate, her concept design was vastly different when she was originally being created for Super Mario Galaxy. She has the lowest top speed and weight of all the heavyweights, while still sharing similar acceleration as other heavy groups. She has an intimate knowledge of the universe and cares deeply for the Lumas and her friends, to the point of assuming the role of total caregiver and mother figure for the former. Look, with a Luma floating alongside her. Rosalina also has the ability to float, just like the Lumas, and at the end of Super Mario Galaxy is shown flying when she departs from the Gateway Galaxy's first planet. ^ "Princess Rosalina, your hostess from your first space adventure, returns in her comet ship to thank you for all your help with saving the Luma." Browne, Catherine. Mario Kart 8 / Mario Kart 8 Deluxe Rosalina dodging a Green Shell in a LINE sticker for Mario Kart 8 Rosalina returns as an unlockable playable racer in Mario Kart 8. StreetPass Mii Plaza Rosalina appears on the Puzzle Swap panel "Nintendo Starlets" of the StreetPass Mii Plaza, alongside Princess Peach, Pauline, and Toon Zelda. The two are also depicted standing together with the Toad Brigade at Peach's Castle in a secret picture that can be obtained by collecting all 121 Power Stars. Rosalina has several variants in Mario Kart Tour, each sporting alternate outfits. Her Swimwear variant wears a teal swimsdress adorned with Grand Stars, along with a yellow flower in her hair. The leotard also has darker turquoise stripes down the sides, and she still wears her signature crown, earrings and brooch. Installments, Rosalina is also slightly heavier, now being heavier than Meta Knight, Zero Suit Samus and Bayonetta, lighter than Zelda, Duck Hunt, Sonic and Little Mac, and weighing the same as Falco. Dr. Mario World Artwork of Rosalina for Dr. Mario World Rosalina makes her debut in the Dr. Mario series as an unlockable playable doctor in Dr. Mario World, having the doctor name Dr. Rosalina. She debuted as the first High-End spotlight driver for the Halloween Tour. You can see the wiring and the back of the Nintendo 3DS with its protective cover removed. The back panel of the 3DS with all extraneous elements removed. Flip the back panel over and you'll see the frame upon which the electronics are mounted. A close look at the wires that provide power to the 3-D screen and sound system for the Nintendo 3DS. This part of the case serves as the mount for the controls and touch screen display. The Nintendo 3DS comes with a 2 gigabyte SD card from Toshiba. This tiny chip controls the Nintendo 3DS's infrared transceiver. The IR chip for the Nintendo 3DS next to an SD card to give an idea of scale. This odd-looking component is the interface for the Nintendo 3DS's circle pad controller. The Wi-Fi board for the Nintendo 3DS. The amount of viruses affected by this skill differs by level, where it is up to 2, 4, 6, 8 and 10 viruses respectively from level 1 to 5. She is an All-Around Type, boasting high stamina and power, but with middling control and poor spin. As apparent in the storybook, Rosalina cares very strongly for her mother. This is the first installment in the Mario series overall in which Rosalina makes a debut wearing her active sports outfit, which is similar to the tennis outfit that Princess Peach wears, but based on her dress. Archived September 5, 2020, 19:42:24 UTC from the original via Wayback Machine. In volume 37 and 38, Rosalina is shown to ask Mario and Luigi a lot of favors. Then, she decides to narrate how Mario (and Luigi) collect every Green Star to her Lumas. In order to aid Mario/Luigi she gives him Luma, the same one seen with Peach at the Star Festival. In Mario Tennis: Ultra Smash, Rosalina is depicted as right-handed in both her artwork and in-game, while she is depicted as left-handed on the box art for Super Smash Bros. The gloves are styled similarly to Peach's typical ones, and are teal with a white trim to match the boots, which have white soles. If the player attempts to jump on her, the bubble appears. Rosalina reappears in the Nintendo Switch port Mario Kart 8 Deluxe. In the opening cutscene to "World of Light", Rosalina and Luma attempt to fly away from Galeem's beams of light alongside Diddy Kong, but are ultimately consumed and used to create puppet fighters. As with the other characters, she can use all the power-ups in the game, but when she gets one (except the Double Cherry and the Super Star), her Spin attack is replaced with the attack used by that power-up. "May the stars shine down on you." - Rosalina, Super Mario Galaxy Rosalina is a recurring character that debuted in Super Mario Galaxy, first appearing in the Gateway Galaxy. Nintendo uses standard 00 Phillips-head. The right side of the Nintendo 3DS has the power button and standard Nintendo game buttons. The left side of the Nintendo 3DS has the standard gamepad controller as well as a new circular pad controller. The Nintendo 3DS's touch-screen surface is a resistive touch screen. A close up on the base of the Nintendo 3DS shows the placement of the main control buttons. The front-facing camera on the Nintendo 3DS can take images that you can use in applications and games. After taking photos, you can use the stylus to add your own personal touch to pictures. This chip provides the horsepower. This tiny highlighted chip in the Nintendo 3DS is a gyroscope sensor made by InvenSense. The Fujitsu chip in the Nintendo 3DS provides the random access memory (RAM) for the device. Toshiba's chip gives the Nintendo 3DS its flash memory storage. This chip from Texas Instruments is a graphics processing unit (GPU), which takes some of the burden of generating graphics off the CPU. This mysterious chip in the Nintendo 3DS appears to be related to recording data. This itty bitty chip is Nintendo 3DS's accelerometer. A selection of buttons from the Nintendo 3DS. Assorted Nintendo 3DS components. This is how many screws it takes to keep a Nintendo 3DS from falling apart. Additionally, she levitates the ball instead of holding it. The partner Luma can be yellow, apricot, green, red, blue, or Polari. However, the Rosalina head can only be used on save files in which the player has collected 120 stars, and unlocked the Green Star Frankster Comets. Rosalina can also control how far away the Luma can be from her, by using her standard special attack; the Luma Shot. Her Aurora variant wears a sleeveless, frilled dress colored in a blue-to-purple gradient, resembling the aurora borealis. Estela is also the Spanish name for Stella, meaning "star". Her crown and earrings remain the same, but she gains white sneakers with turquoise laces, and white tights covering her legs. The dress is her typical turquoise color but has a frilled hem and collar, and no longer cuts off at the top of her chest. Rosalina in the Jetsetter is the staff ghost for Rainbow Road. By this point, Rosalina had become aware of the group's attempts to charge the Excitement Battery in order to rescue Mario and Sonic, who are trapped in the Tokyo '64 game system along with Toad, Bowser, and Dr. Eggman. Statwise, Rosalina offers moderate boosts to speed, handling and Mini-Turbo, making her a good fit on the Jetsetter and the Wario Bike. Super Mario Galaxy 2 Rosalina and her Lumas in the second ending for Super Mario Galaxy 2 Rosalina appears during the ending sequence of Super Mario Galaxy 2. She has the ability to use the Spin attack, similar to that of Mario and Luigi in the Super Mario Galaxy games, has a very high jump, and has normal traction. For the spinoff installments of the Mario series overall, Rosalina's emblem is a Grand Star. In the Wii U version, Rosalina is one of the lighter heavyweights, sacrificing some speed and weight to boost her acceleration, handling, and traction a little. Like most players, Rosalina enjoys special activities, but in a more humble manner, such as when she simply waves to the audience upon scoring a point in the Mario Tennis series. Her special skill is the Super Bell. She also wears a matching turquoise scarf, belt, boots, gloves, and other detailing, including a heart-shaped pattern on her back, similar to Peach's and Daisy's. The gown bares the top of her shoulders. Rosalina sends a hologram of a Giant Goomba for Mario, thus making him use his Star Spin technique to make it disappear (much to Mario's surprise). They are among the fighters brought under Dharkon's control after Galeem's first defeat, and are recruited in the Mysterious Dimension area. Retrieved February 3, 2019. She can be unlocked by either earning enough party points to reach level 6 or by scanning in a Rosalina amiibo. Mario Party Superstars Rosalina returns as a playable character in Mario Party Superstars, once again being available from the start. In Mario & Sonic at the Rio 2016 Olympic Games, she wears a leotard in the Rhythmic Gymnastics event, once again in a similar style to Peach's and Daisy's. Her brooch and earrings are star-shaped, while her crown features star shaped patterns engraved into it. She also appeared in the game's online tournament demo as an unlockable playable character, unlocked after 1000 points were accumulated. She can also use the spin move from the Super Mario Galaxy games, as seen in Super Mario 3D World, and can still create a shield to protect her if the player attempts to attack her as a non-playable character. Ultimate Unlocked playable character Japan: December 7, 2018 Nintendo Switch Dr. Mario World Unlocked playable character Worldwide: October 4, 2019 Mobile Mario Kart Tour Unlocked playable character Worldwide: October 9, 2019 Mobile Mario & Sonic at the Olympic Games Rosalina makes her first playable appearance, as well as her first appearance in general, in the Mario & Sonic series, in Mario & Sonic at the Rio 2016 Olympic Games. Finally, her traction stat is noticeably strong, being far and away the best in her weight class, and the 3rd best base traction stat in the game. Players can also use Rosalina's head to represent their file on the file select screen. And while Rosalina's HP is at an average level, Super Rosalina's HP is slightly above average. The Nintendo 3DS version was also the first game where Rosalina is a playable default character. Unlike the other characters, she does not hold her club; she magically levitates it and controls it with her wand. Rosalina's dress comes in eight colors for players to choose from: the default turquoise, mint green, pink, gold, black and gold, purple, and two red and white colored dresses, one of which resembles her Fire form in Super Mario 3D World, while the other is inverted and resembles White Mage's appearance in Mario Hoops 3-on-3 and Mario Sports Mix. Rosalina typically wears a cyan gown. ^ sentence of comment #7 says "She is in heavy class in Mario Kart Wii because Luma is being together, according to an interviewing article from Weekly Famitsu #1015." Comment #31 says "On Mario Kart series, she is always heavy because of Luma's existence on Wii but it is absent on later editions. Rosalina's Final Smash, Power Star, summons a large Power Star, which shoots many smaller stars onto the stage that damage opponents. During development, it was suggested that the game be a story read by Rosalina, meaning that she may have appeared in person during the ending, but it was ultimately decided to have the ending be the start of Super Mario 3D World. Moreover, while this effect is active, any object that reacts to capsules landing will not activate, such as barriers (they won't toggle on or off) and flasks (they will not fill up). Ultimate, her dress is closer to its appearance in the Mario games, and her shoes are silver across all palettes. In Mario Kart Wii, Mario Kart 8 and Mario Kart 8 Deluxe, Rosalina wears a primarily white jumpsuit with stripes the same turquoise color as her dress when riding motorbikes, as well as ATVs in the latter two titles. Half of her sports appearances depict her as a Power-type, hinting at impressive strength, and she is adept at driving karts as well. Currently there are two versions: Rosalina in default appearance and another as Cat Rosalina. Like Peach, Toads, Dr. Eggman, Waluigi, and Silver, she is described as "Good at Tube Riding". ^ Gaming

Invented. There are also mini figurines of Rosalina developed by Furuta, for Nintendo 3DS Rosalina as she appears in both versions of the game. Additionally, in this game, Kerri Kane's voice clips are reused alongside those of Laura Faye Smith. Although Rosalina is usually associated with the color cyan, according to the game's director Kenta Motokura, Rosalina's Cat Suit is black as a request from producer Yoshiaki Koizumi.[6] Super Mario Maker Rosalina appears as an unlockable Mystery Mushroom transformation by clearing the 100 Mario challenge on normal or harder or by scanning 2 Rosalins & Luma amiibo. She retains her brooch, crown and earrings, and also wears a pair of white tights rather than socks with her teal and white trainers, though they are shown as gray in Mario Sports Superstars. She has the highest shot in the game, which means that she can easily hit over trees, but the ball is affected by wind more. For Nintendo 3DS, Once Mario/Luigi collects the first Grand Star, she explains to him that Bowser stole the Power Stars and requests that he help get them back. In the pre-release beta test, however, Rosalina was a Super Rare (former name of High-End) driver whose special skill was the Boomerang Flower; additionally, in said beta test, she was a week 2 spotlight. If the player completes The Great Tower of Bowser Land after Rosalina has been unlocked, she is then seen with two Lumas in the end credits, at the end of the first split of the Clear Pipe, replacing three Sprixie denizens. During the Marine Tour, she wears a teal swimdress that has a Grand-Star pattern over it and a yellow flower as a hair ornament. She also has the strongest mini-turbo boost of the heavyweights. If the player collects all 120 Power Stars, Rosalina thanks the player, and tells them that she watches over them from beyond the stars. Another variant of Rosalina, Rosalina (Volendam), debuted in the Amsterdam Tour as the first pipe's spotlight driver. Peach and Rosalina talking Mario befriends Rosalina during the events of Super Mario Galaxy, when he recovers the stolen Grand Stars needed to power her Comet Observatory. Super Mario series Super Mario Galaxy Rosalina in her Comet Observatory for Super Mario Galaxy During one of her centennial visits to the Mushroom Kingdom, the Comet Observatory is attacked by Bowser, who steals the observatory's Power Stars and Grand Stars. Rosalina bonded with a Luma looking for its mother and soon became the adoptive mother of both it and a host of other Lumas, who in turn comforted her when she mourned the death of her own mother. Her signature bike is the Shooting Star and her signature kart is the Honeycupe. Luigi, Rosalina, and the Toad Brigade posing for a picture Luigi assists Mario in the collection of stars in Super Mario Galaxy, at one point giving him a recovered Power Star on the condition that he tells Rosalina that it was Luigi who obtained it for her. She is one of the strongest characters, losing only to Bowser in distance, Super Mario Party "I'll work my hardest to bring about our victory." – Rosalina, Super Mario Party Rosalina returns as a playable character in Super Mario Party. In this artwork, she has a black bracelet on her left wrist and does not wear a crown. Some Lumas become planets...some become comets...and a few become Power Stars. Development Early concept art of Rosalina as seen in the Collector's Edition of the Super Mario Galaxy PRIMA Official Game Guide (left) and final concept art of her Although Rosalina's design has not been changed since her debut, aside from a fancier version of her dress used in Super Smash Bros. This game also features a cosmic entity that highly resembles Rosalina, known as the Cosmic Spirit. She can be unlocked by winning first place with at least a 1 Star Rank in all Mirror Grand Prix Cups, having a Super Mario Galaxy save file and playing 50 races, or playing 4,950 races. History Background Main article: Rosalina's Story Rosalina's story begins when she meets a young Luma in a rusted spaceship, where they rebuild the spaceship to go search for the Luma's mother. In addition, her infant counterpart makes her debut in this installment. Her stage mode skill makes capsules in Stage Mode move again for fifteen seconds (seven prior to version 1.4.0), and is represented by her waving the wand to make capsules translucent. It's very dear to me. The skill meter can also fill up when this effect is active mainly through eliminating objects, as just activating it will empty it, potentially allowing the effect's timer to reset. For Nintendo 3DS / Super Smash Bros. Mario Party 10 Rosalina's appearance in Mario Party 10 Rosalina appears as a playable character in Mario Party 10; her first playable appearance in the series. Super Mario Odyssey In Super Mario Odyssey, Rosalina makes a cameo as an 8-bit sprite that can be found on a vegetable on the Dark Side of the Moon and a wall on the Darker Side of the Moon. Rosalina then declares that the Lumas are her family now, and that they will visit her home planet once every 100 years.

"Rosalina & Luma Launch into Battle!" – Introduction, "Comet Observatory" Trailer Rosalina was announced to be the fourth newcomer fighter in Super Smash Bros. Also, she can be protected by a force field that resembles a bubble. Rosalina then starts to miss her own mother, but the two begin to build a new home that would eventually become Mario in the collection of stars in Super Mario Galaxy, at one point giving him a recovered Power Star on the condition that he tells Rosalina that it was Luigi who obtained it for her. She is one of the strongest characters, losing only to Bowser in distance, Super Mario Party "I'll work my hardest to bring about our victory." – Rosalina, Super Mario Galaxy. She is also held in high esteem by Lubba, who refers to her as "The Lady of the Shooting Stars" and is happy to have her on board the Starship Mario at the end of Super Mario Galaxy 2. A Super driver, her special skill is the Dash Ring. It has a white collar, and just below that it is patterned with stars resembling her earrings. At the bottom is another power-blue frill that loops around until turning up to a point at the middle; under this a layer of a petticoat is visible. Rosalina reappears as a playable character in Mario Tennis Aces. Mario & Sonic at the Olympic Games Tokyo 2020 Rosalina reappears in Mario & Sonic at the Olympic Games Tokyo 2020 as an unlockable guest character, being playable exclusively in the Surfing - Shortboard event. Her special skill is the Super Leaf, for Wii U, her shoes are the color of her dress, instead of the usual silver. Her long bangs represent her outward strength and inner sorrow and loneliness." Black, Fletcher. However, Rosalina's skin is paler, her eyes are a lighter shade of blue with six eyelashes (three in other artwork), and her hair (possibly red or strawberry blonde in her childhood) is platinum blonde, a lighter blonde than Peach's, that also reaches to her waist. All three variants retain her star earrings, while the Aurora variant also retains her crown. Just as in Mario Kart Wii, Rosalina is an unlockable character, which the player must win the Star Cup at 150cc to unlock. Retrieved May 11, 2021. In a piece of Super Mario Odyssey concept artMedia:TaOSMO Rosalina Concept Art.jpg, she is seen wearing blue jeans and a black, short-sleeved shirt which slightly exposes her abdomen. For this subject's image gallery, see Gallery:Rosalina. series Super Smash Bros. In Super Smash Bros. They traverse through space, encountering comets, asteroids, and Star Bits. She keeps her regular crown, earrings and brooch. The figure was originally available at Target, but is no longer available to purchase at any retail stores. Rosalina later appeared to Mario/Luigi after Peach is kidnapped. Her hair is adorned with blue crystals Waluigi's height, and bearing a resemblance to Princess Peach. Additionally, she is the only character whose voice echoes even more when they acrate a Star, as her voice naturally echoes in this game. In story mode, Rosalina appears in Chapter 17, Super Mario Galaxy 2 PRIMA Official Game Guide. The outfit once again incorporates her usual upturned turquoise collar. After Mario/Luigi collects enough stars to power the ship, Rosalina flies the observatory to the universe for the final confrontation with Bowser. Instead of a crown, she wore a tiara, and her gloves were just like Peach's. The bottom of the leotard has a paler strip of fabric attached, which resembles the hem of her typical gown, and a loose collar in a similar style. Another version of Rosalina wearing a dress patterned after the aurora borealis (northern lights), referred to as Rosalina (Aurora), debuted as the first High-End spotlight driver for the Vancouver Tour. A variety of her abilities use a Luma, particularly to aid in combos. When Rosalina uses the Peach Parasol for a glider, it becomes turquoise to match her color scheme. The differences are aesthetic only. For example, once sufficient power is restored to the Comet Observatory, Rosalina is able to use her powers to surround the observatory in a force field, transforming it into a starship as a form of transportation. The following voice actresses have lent their talents to portray Rosalina in the Mario game series: Mercedes Rose in Super Mario Galaxy, Super Mario Galaxy 2, Mario Kart Wii, and Super Mario 3D All-Stars. Powers and abilities Rosalina creates a protective bubble around herself to defend against attacks. Mario Tennis series Mario Tennis: Ultra Smash Rosalina after obtaining a Mega Mushroom in Mario Tennis: Ultra Smash Rosalina appears as a playable character in Mario Tennis: Ultra Smash. ^ From Kerri Kane's official website: "I've played the part of a fast kart-racing princess for Nintendo in Mario Kart 7 and Mario Kart Arcade GP DX and a pretty powerful golfer in Mario Golf: World Tour." (Retrieved June 26, 2014) Kerri Kane in Mario Kart 7, Mario Kart Arcade GP DX, Mario Golf: World Tour, and the Super Smash Bros. This is unlike Princess Peach, whose appearance is different from that in the Mario series. In golf, her default drive is 226 yards, and her shots travel very high in a fade trajectory. Mario Party: Star Rush Rosalina returns in Mario Party: Star Rush albeit as an unlockable player character. Super Mario-Kun Image of Rosalina from the Super Mario-Kun pack of Minecraft, Rosalina appears as a playable skin. When stars die, they turn to stardust and scatter across the cosmos. This is the first time that Rosalina appears on a handheld game. Rosalina's Skill allows players to freely move Orbs anywhere for 10 seconds, while her Helper Skill multiplies the ATK of all teammates by 3.5x when attacking with four or more attributes. When interacted with, Rosalina performs a spin and the player is given ten coins. She later helps him in the adventure. Monopoly Gamer Rosalina is a playable character in Monopoly Gamer. Mario Kart Tour Rosalina reappears as a playable character in Mario Kart Tour since the Tokyo Tour. In the tennis mode of the game, she retains her animations from Mario Tennis: Ultra Smash, though unlike that game she is now classified as a Tricky character. But I never thought all this would happen..." Mario...so you were the one who collected all of the scattered stars...I want to thank you...your deeds will live on in the memory of the cosmos..." Help:Media • Having trouble playing? She wears purple nail polish, and has a large bang which obscures her right eye. Page 246. During the Vancouver Tour, she wears a frilly dress with purple, blue and green patterns as well as purple opera gloves, with the colors and frills invoking the appearance of the aurora borealis. The text says, "Stage 4: Launching into the Universe! The Beginning of a New Adventure!" Rosalina appears in volume 38 of the Japanese manga, Super Mario-Kun. After Luigi and Tails's group receive Entry Pass K from Blaze, which allows them to enter Tsurigasaki Surfing Beach, they find Rosalina at the beach. Aside from this, while she herself does not appear in the game, concept art revealed that she was planned to appear as a street musician playing an acoustic guitar.[7] Super Mario Maker 2 Although she does not appear physically in Super Mario Maker 2, it is strongly implied Rosalina is Stargazer in the game's story mode, due to her courses taking place in the sky theme during night, which features light gravity, and they allude to both Super Mario Galaxy games. I think the only long [...] sentence I recorded was something like "Hmmm, Not bad" So again a sound, but with a couple words. Mario Kart Arcade GP DX Rosalina appears in Mario Kart Arcade GP DX, following an update to the game. As more Power Stars are returned, she appears in the library, where she reads her storybook to Mario/Luigi and some Lumas. Along with Dry Bowser, Rosalina is one of two playable characters in this game to not reappear in Mario Super Sluggers. However, despite her strong air mobility, Rosalina's air speed is only around average. After Chapter 17, Rosalina remains at Tsurigasaki Surfing Beach, open to rematches. She is unlocked by completing ★World 2 Tower, and is a Water attribute helper. Since Super Mario 3D World, Rosalina has also displayed more energy in her actions, such as when celebrating after reaching the flagpole in said game. All new life... Mario Sports Superstars Rosalina appears as a starting captain-type character in Mario Sports Superstars. The long wire is the Wi-Fi antenna.Highlighted is the ARM CPU for the Nintendo 3DS. After they finish some tasks for her, she tells Mario that "he is a good butler...". A final concept drawing depicted Rosalina very similar to the way in which she appears now, though it contained minor color differences. Her Halloween variant wears a purple witch's dress, which includes a star brooch, and a purple witch's hat, which has a cyan stipe and a small pumpkin on it. In versus mode, her skill is different, in which it changes the form the viruses on the opponent's play field so that they are hidden by one type of the following: ice, bubbles, Brick Blocks, dust clouds or clouds. The attack seems to be inspired by the Spin from Super Mario Galaxy and Super Mario Galaxy 2. After Bowser uses a flyswatter to knock Mario away to a planet, Mario loses his motivation, despite Luma's efforts to get him back. But the cycle never repeats itself in quite the same way.... Super Smash Bros. nintendo.com. Her brooch and crown are silver, as are her high heels, while her earrings are golden. Along with Dry Bowser, Rosalina is one of two playable characters in this game to not reappear in Mario Super Sluggers. However, despite her strong air mobility, Rosalina's air speed is only around average. After Chapter 17, Rosalina remains at Tsurigasaki Surfing Beach, open to rematches. She is unlocked by completing ★World 2 Tower, and is a Water attribute helper. Since Super Mario 3D World, Rosalina has also displayed more energy in her actions, such as when celebrating after reaching the flagpole in said game. All new life... Mario Sports Superstars Rosalina appears as a starting captain-type character in Mario Sports Superstars. The long wire is the Wi-Fi antenna.Highlighted is the ARM CPU for the Nintendo 3DS. After they finish some tasks for her, she tells Mario that "he is a good butler...". A final concept drawing depicted Rosalina very similar to the way in which she appears now, though it contained minor color differences. Her Halloween variant wears a purple witch's dress, which includes a star brooch, and a purple witch's hat, which has a cyan stipe and a small pumpkin on it. In versus mode, her skill is different, in which it changes the form the viruses on the opponent's play field so that they are hidden by one type of the following: ice, bubbles, Brick Blocks, dust clouds or clouds. The attack seems to be inspired by the Spin from Super Mario Galaxy and Super Mario Galaxy 2. After Bowser uses a flyswatter to knock Mario away to a planet, Mario loses his motivation, despite Luma's efforts to get him back. But the cycle never repeats itself in quite the same way.... Super Smash Bros. nintendo.com. Her brooch and crown are silver, as are her high heels, while her earrings are golden. Mario & Luigi: Paper Jam In Mario & Luigi: Paper Jam, Rosalina makes a cameo on a Character Card obtained from the Peach amiibo. And so the cycle of life continues. Luma can be attacked and defeated, and can eventually be re-summoned by Rosalina.
